Current Employment Statistics (CES) is a monthly survey of employers that measures nonagricultural jobs by industry, by place of work. Over 14,000 employers are surveyed.

Current Population Survey (CPS) is a monthly survey of 60,000 U.S. households conducted by the Bureau of Labor Statistics (BLS). The survey asks about the employment of each member of the household 16 years of age or older.

UI Claims is the monthly number of certified unemployment insurance claims in the state of Florida.

UI Claims is the monthly number of certified unemployment insurance claims in each county.

Statewide Unemployment is calculated as the sum of employment and unemployment in the state.

The state and county level unemployment rate is calculated as:

\[
\text{Unemployment Rate} = \frac{\text{Unemployment}}{\text{Employment} + \text{Unemployment}}
\]
